Have You Piles?

Then You Have Something to Learn.

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonard was first to find the remedy. His prescription is HEM-ROID, a tablet medicine, taken internally, that is now sold by druggists generally. Dr. Leonard tried it in 1,000 cases with the marvelous record of success in 98 per cent, and then decided it should be sold under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from Peoples Drug Stores today. It has given the safe and lasting relief to thousands of people and should do the same for you—it seldom fails.

IT'S MADE RIGHT!

Cod-liver oil is as delicate as butter; it must be made right to assure palatability.

Scott's Emulsion

is decidedly palatable and easy to take. It contains purest Norwegian cod-liver oil that is made right from the start.

Scott & Bowne, Bloomfield, N. J. 20-2

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Peterson's Ointment Best for Eczema

First Application Stops Itching of Eczema, Salt Rheum and Piles.

Ends Chafing Distress in Five Minutes

"Live and let live is my motto," says Peterson of Buffalo. "Druggists all over America sell PETERSON'S OINTMENT for 35 cents a large box and I say to these druggists if anyone buys my ointment for any of the diseases or ailments for which I recommend it and are not benefited, give them their money back."

"I've got a safe full of thankful letters testifying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum, ulcers, sore nipples, broken breast, itching scalp, chafing, and blind itching and bleeding piles."

John Scott, 283 Virginia Street, Buffalo, writes: "Peterson's Ointment is simply wonderful. It cured me of eczema and also piles, and it did it so quickly that I was astonished." Mail orders filled by Peterson's Ointment Co., Inc., Buffalo, N. Y. Peoples Drug Stores and O'Donnell's Drug Store, Inc., will supply you.

666

is a Prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know, preventing pneumonia.

DRY ACT LESSENS CRIME IN VIRGINIA

Statistics Show 50 Per Cent Decrease Since Prohibition Was Enforced.

RICHMOND, March 22.—Crime in Virginia has decreased more than 50 per cent since the advent of prohibition, according to statistics given today by the various State and Federal agencies having to do with the detection and punishment of lawbreakers in the Old Dominion.

The act of 1918, which placed a greater figure than 50 per cent because many convictions now are for violations of liquor laws, which, before November 1, 1918, were not classed as crimes and which were not punishable.

Superintendent J. B. Woods of the Virginia State penitentiary gave statistics which show that inmates of his institution are rapidly decreasing since the advent of prohibition. Whether this was due to the aridity of the State he could not say. In 1918, the last full year of legalized whiskey selling, 937 persons were admitted to the penitentiary for various felonies.

495 DROP FOR 1917. In 1916, the last two months of which were "dry," 893 persons were admitted. In 1917, the first full year of prohibition in Virginia, this number dropped to 495. In 1918 it was 466 and in 1919 and 1920 it was less than this. Major Woods declared, although he could not give the exact figures.

An analysis of the records of jail commitments in the various counties and cities of Virginia for the first nine months of 1918, just prior to the advent of Statewide prohibition, shows 21,932 jail commitments for the first nine months of 1917 shows 13,267, a falling off of 8,665, even after sentences for violations of the Mapp act are taken into consideration. Of the 13,267 persons given sentences in this period 1,320 were sent for violations of the Mapp act and given terms aggregating 1,519 months and fifteen days. Fines of \$71,975 were also imposed upon liquor law violators, while 379 defendants were acquitted.

In all the cities of Virginia a decrease in crimes punishable by jail sentences was shown, the largest being Richmond, with 1,352; Norfolk, with 1,210, and Lynchburg, with 1,002. Norfolk county showed an increase of 281 cases, and Augusta county of 138 after prohibition went into effect.

"WAR-TIME" ACT HELPED.

A similar decrease in crime is shown in the two Federal courts of Virginia since "war-time" prohibition went into effect on July 1, 1919. There was no perceptible decrease of offenses against the Federal Government in Virginia immediately subsequent to the Mapp act becoming effective.

In the eastern district of Virginia crimes against the United States nearly tripled during the year. Assistant United States Attorney Henry R. Miller, of Richmond, attributed that increase in crime to the presence in the district of over 100,000 more persons of a class which are prone to violate laws. In the western district crime actually fell off.

In the fiscal year ending June 30, 1917, 110 persons were convicted and fines of \$9,762 assessed in the eastern district. In the western district 118 persons were convicted and fines of \$10,540.19 assessed.

For the fiscal year ending June 30, 1918, when the war was at its height, 376 persons were convicted and \$15,690 assessed in the eastern district, with fifty-three convictions and fines of \$5,497.14 for the western district.

ONLY 263 IN 1920.

For the fiscal year ending June 30, 1919, 463 persons were convicted and fines of \$47,875.50 assessed in the Eastern District, while 120 persons were convicted and fines of \$8,437.79 assessed in the Western District.

In the fiscal year ending June 30, 1920, only 262 persons were convicted in the Eastern District and fines of \$32,530 assessed. In the Western District 118 persons were convicted and fines of only \$11,650.40 assessed.

Assistant District Attorney Miller declares that, while statistics for the current year haven't been compiled yet, prosecutions have been cut in half since last year.

Samuel R. Bram, Federal Prohibition supervisor for the Southern Department, comprising the states of Virginia, Tennessee, Kentucky, North and South Carolina, declared that many law violations are the direct result of leniency by courts in liquor law violations.

Small fines and no sentences encourage violation of whiskey laws, he said, and men who violate one law with impunity, in a very short time, have utter disregard for all laws. Heavy fines and long prison sentences would protect the taxpaying public, he said, and very materially assist in the enforcement of all laws.

Business Slump Hits London.

Increased unemployment in Great Britain is reported by Consul Irving N. Linell at London, the Bureau of Foreign and Domestic Commerce has announced. London, particularly, is affected, it is stated, and many factories and workshops have closed or are working short hours.

No Escape for Man Even In Astral World, Says English Psychic

CHICAGO, March 22.—Mrs. Sophia Fairclough-Smith, an English psychic, holds out eternal trouble for man in the astral world.

The astral world, Mrs. Fairclough-Smith stated, is not all heavenly. There are evil spirits as well. In fact, it is pretty well filled with vampires, who are constantly pulling downward, and thus the uninitiated male is not only in danger of the living vampires, but the dead ones as well, who fall upon him in an evil moment.

The evil aurora that emanates from Egyptian mummies in the Art Institute offended her occult sense yesterday, and, reaching the seclusion of her suite, she announced that it would be impossible for her to deliver her lecture on "The Higher Mysticism" in a place where the spirit rays are brown. Brown spirit rays, Mrs. Fairclough-Smith explained, are evil, and in the eyes of the mummies are a curse the ancient Egyptians placed upon all who should touch his body after death. For thousands of years these auroras have remained with the mummies, leaving an unwholesome effect upon sightseers who view the exhibits, she said.

COULDN'T GO TO WEDDING, SO BOY HANGS HIMSELF

Mother of Hackensack Lad Returns to Find Body.

HACKENSACK, N. J., March 22.—Because he had a ways wanted to go to a wedding, and was not permitted to attend when friends of his family were married yesterday, Henry Wadsworth Smith, thirteen years old, hanged himself by his necktie to a bed post. He was found dead by his mother when she returned from the ceremony.

Young Smith, who is a son of H.

20-YEAR TERM DRAWN BY SLAYER OF PEIRCE

PHILADELPHIA, March 22.—Peter D. Treadway, convicted last Saturday of murder in the second degree, was sentenced by Judge Audenried here yesterday to serve from nineteen years and six months to twenty years imprisonment for the slaying of Henry T. Peirce, wealthy manufacturer's agent.

Under the terms of the sentence, Treadway must serve nineteen years and six months before he is permitted to make application for commutation of sentence.

BLOW OF HAMMER ON FINGER CAUSES DEATH

PITTSBURGH, March 22.—Hitting a finger instead of a nail he was driving, resulted in death for T. E. Painter, sixty years old, of Irwin, shortly before noon today. Mr. Painter several days ago got a hammer from his tool chest and began making spring repairs about the yard. While nailing up a loose board he struck a finger of his left hand a sharp blow.

The bruise gave him little concern till swelling and intense pain caused him to consult a doctor, who found blood poison had set in. Mr. Painter was taken to the Columbia Hospital, but it was too late to save his life.

Parliament to Be Dissolved.

LONDON, March 22.—The Milan correspondent of the London Times is reliably informed that Premier Giolitti has definitely decided to dissolve the Italian parliament. Elections are likely to be held the last week in May.

Cable Argument in April.

The United States Supreme Court has set for argument in April the appeal of the Government in the contest of the Western Union Telegraph Company to lay its Barbados cable at Miami, Florida.

NUDE STATUE GRANTED RIGHT TO BE EXHIBITED

NEW YORK, March 22.—The nude statue, "The Pagan," represented by a woman, will be exhibited at the April showing at the Metropolitan Art Museum. Supreme Court Justice Newburger has issued an order, in behalf of Capt. Charles Rumsey, son-in-law of Mrs. E. H. Harriman, compelling the Architectural League of New York to show cause why the statue should not be exhibited. The league took the position that the statue had been refused "through error," which it would correct.

"—and be sure to give her an Alcorub bath"

Invigorating

Refreshing

For Bathing and Massage

ALCORUB is pure alcohol with no poisonous, irritating additions, but combined with softening and curative agents that make it most soothing and invigorating, ideal for the skin.

Former users of alcohol for bathing and massage hesitate to use the medicated alcohol now on sale, especially as they find that the medication produces an irritating, drying, burning and itching effect on the skin.

You can now go to your druggist or toilet counter and purchase a bottle of ALCORUB and again experience the pleasant and invigorating sensation of an alcohol rub.

ALCORUB is U. S. P. 95% alcohol combined with softening and curative

principles that make it ideal for the skin, and is non-poisonous and non-drinkable.

It is equally good for bathing children, elderly people, invalids and athletes.

Go to your druggist or toilet counter and get a full pint (16 oz.) bottle for \$1.00.

Note to Physicians:

ALCORUB is 73% U. S. P. 95% alcohol combined with other U. S. P. ingredients that make it softening and invigorating for the skin.

Non-Slip Bottle with the Handy Stopper

OK. It's Safe

Full Pint \$1

Safety Points

Approved by Physicians, Nurses and Pharmacists

- Non-poisonous, Non-drinkable.
- Contains no Formaldehyde, Carbolic Acid, Bichloride of Mercury, Hydrochloric Acid, Wood Alcohol, Croton or other poisonous ingredients.
- Does not irritate the skin or hands.
- Full pint (16 oz.) for a dollar.
- Never sold in bulk.
- No prescription, no "red tape" no trouble to buy.
- Guaranteed by us under the National Food and Drugs Act.
- All ingredients are of U. S. Pharmacopoeia standard.

Everyday Uses

- After bathing—shaving—massage.
- For athletes and others after exercising.
- For babies and children.
- For reducing fever temperatures.
- Deodorant.
- Antiseptic and sterilizer.
- Ideal for invalids, convalescents and elderly people.
